Once in a while, your feet smell so bad that they could make someone pass out.

Did you forget to take out the trash? A family of worms is making it their home right now.

Last night a cockroach crawled into your mouth while you were sleeping and you ate it.

You secretly like the taste of vomit. And boogers. Maybe scabs, too.

There are thousands of germs on you skin right now. And they're having a party.

One day you're going to have a water balloon fight where all the balloons are filled with slime.

EWWW. Last week you slowly spit out chocolate of your Legos in the toilet and never washed them. Looks like you're pooping from your mouth.

Top Secret Cootie Catcher Assembly Instructions

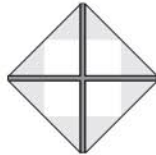

Step 1: Print this PDF onto any ordinary sheet of 8 1/2 x 11 inch paper.

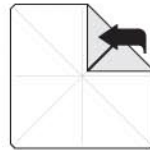

Step 2: Trim the paper on dotted line as indicated (failure to do so may interfere with this device's fortune-telling abilities).

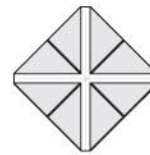

Step 3: With the text side facing down, fold up all four corners of the Cootie Catcher.

Step 4: Does it look like this? If not, go back to step one and start over. We're beginning to doubt your future career prospects in the origami field.

Step 5: Flip the paper over and fold up all four corners again.

Step 6: Does your Cootie Catcher look like this? No? Shame on you, my six-year-old niece could do better. Go back to Step 1 and start over.

Step 7: Fold in half as shown. Remind yourself that this process is, indeed, top secret.

Step 8: Place your fingers under the four paper flaps and work the device back and forth to form creases. Commence amusing your friends.
